

To Whom it May Concern:

Today I received notice that my local neighborhood school Mountain View Elementary School would be closed at the end of the 2017/2018 school year. My two children attend this wonderful school and I can not believe the board is choosing to close it's door.

I am aware the budget cuts need to be made by the district but as the Town of Mills elected officials I feel like we all need to fight for our communities school. The Town of Mills need to be able to offer a school for its residents. The School district already closed Mills Elementary, let's not let them close another.

I know Natrona County has many schools but even with school of choice my children will no longer be able to attend school with the kids in our town or neighborhood. I won't be able to take my children to school in less then 5 minutes. Instead they will add to the already crowded bus problem. Children will no longer have the option to walk or ride their bikes as many children do in little towns. Mills is a little town and we deserve our school.

I am not sure what can be done but if you can help save our school please assist.

Sincerely,

Megan Fleetwood
